

## 六类UTP非屏蔽高纯度无氧铜网线

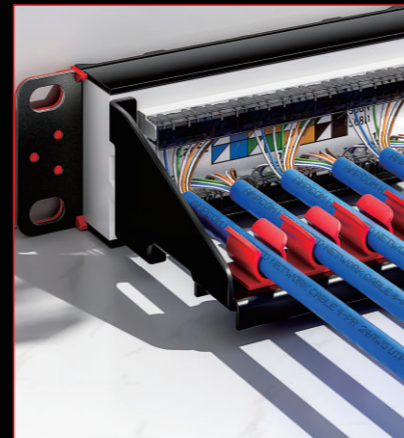

CAT6 UTP 4-PR HIGH-PURITY OXYGEN-FREE COPPER NETWORK CABLE

High-purity oxygen-free copper conductors pass the FLUKE-5000 link certification test.

Enables Gigabit high-speed data transmission in local area networks.

End-to-end system stable connection

Cat6 UTP Household Grade Network Cables

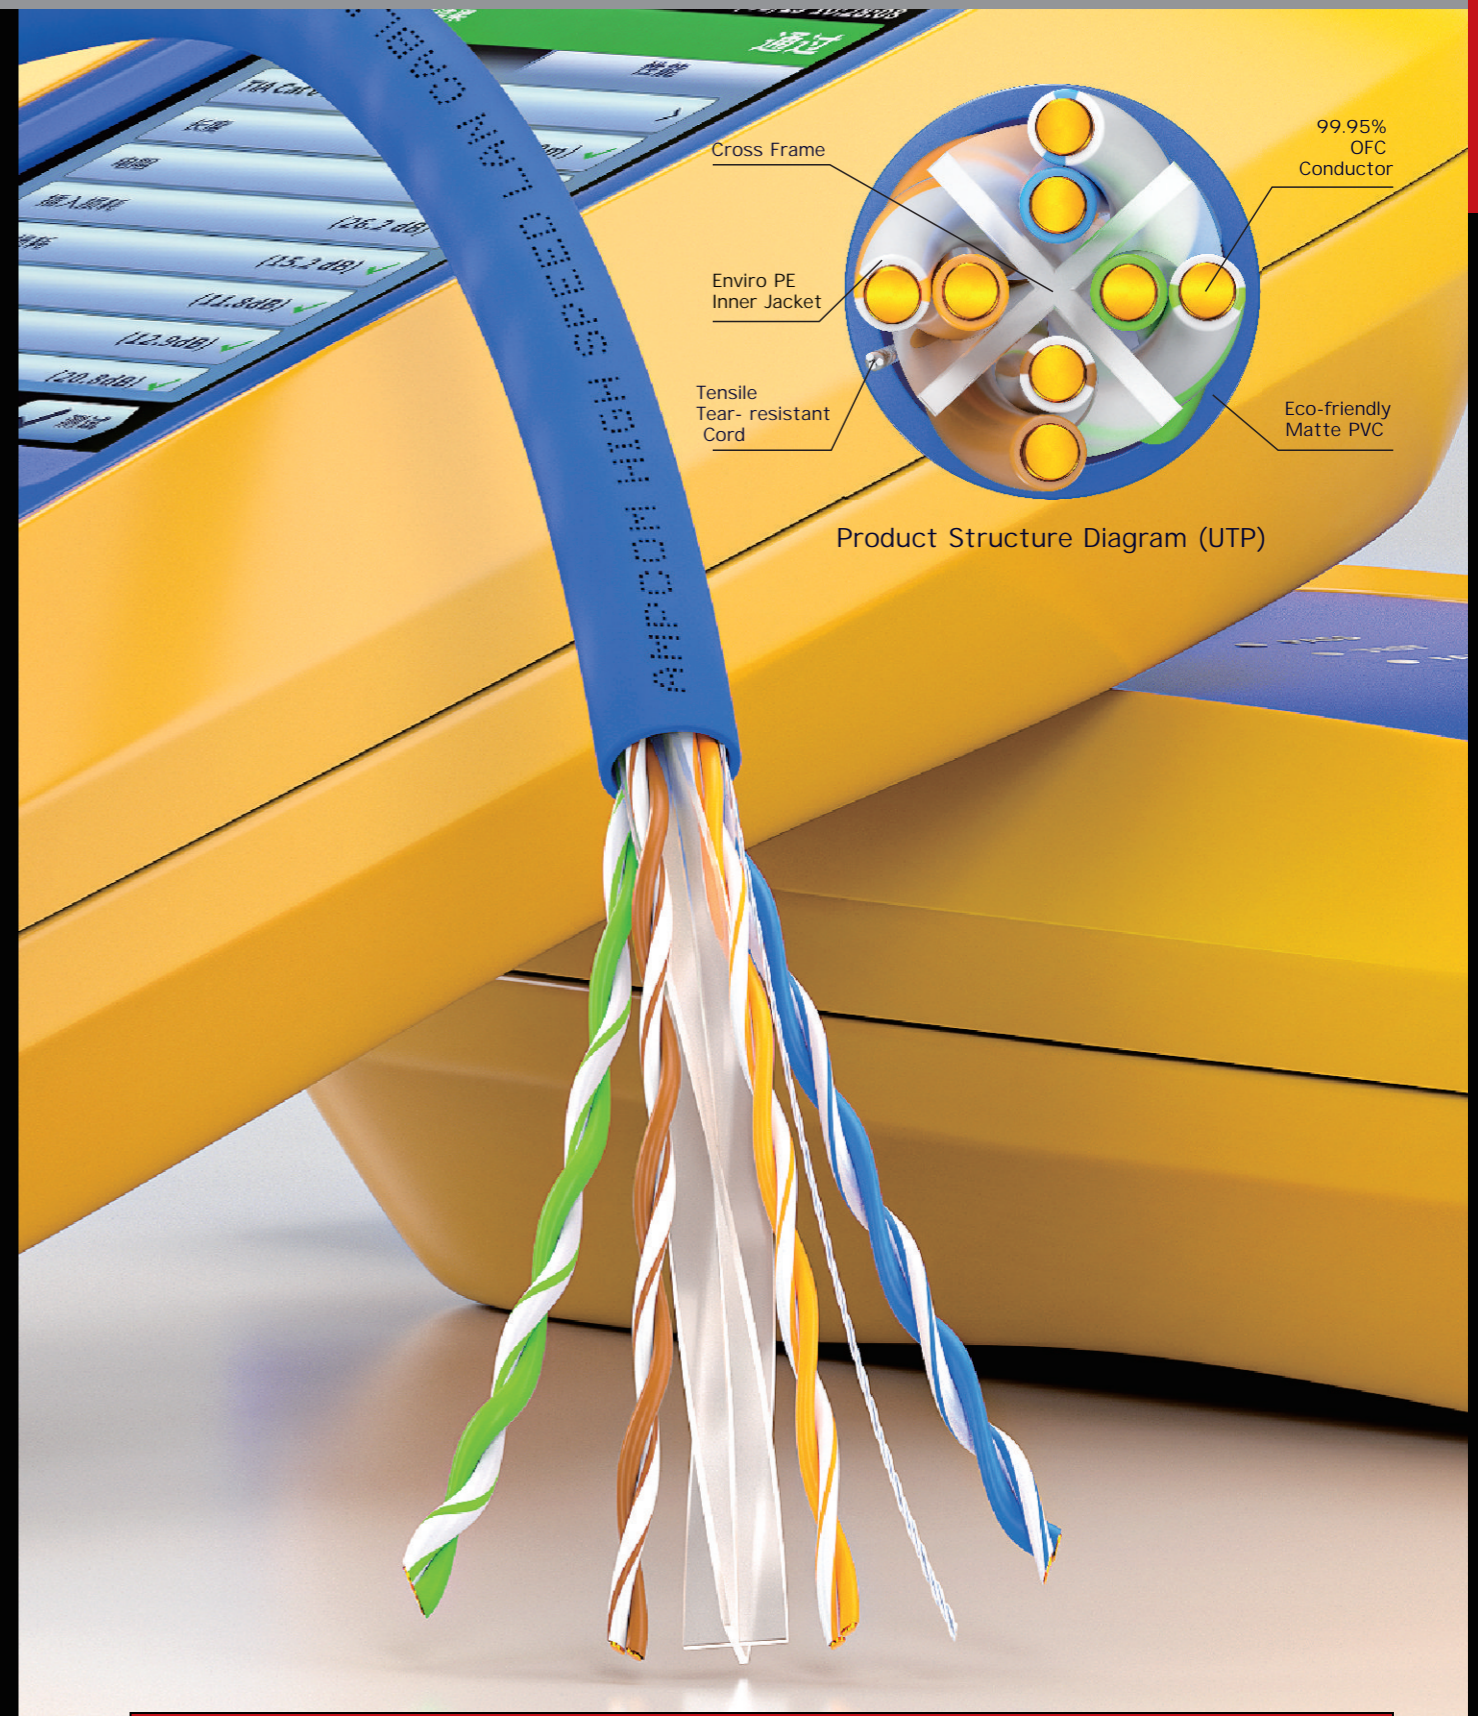

Cat6 UTP Engineering Grade Network Cables

Cat6 UTP Engineering Grade Network Cables

Cat6 UTP Outdoor Waterproof Network Cables

Product Description			
Cable Type	CAT6	Shielding Type	UTP
Transmission Rate	1Gbps	Bandwidth	250MHz
Bend Radius	26D	Max Installation Tensile Strength	≤110N
Operating Temperature	-20~60°C (-4~140°F)	Install Temperature	-10~50°C (-14~122°F)
RoHS Compliance	Compliant	Compliant Standards	YD/T1019-2023

Order Information										
UTP Network Cable	Level	Conductor Diameter	Color	Barcode	Conductor	Transmission Speed	Inner Jacket	Outer Jacket	Test Standard	Tester
Cat6 Unshielded	Residential Grade	0.53±0.005mm	Blue	6935089109211	OFC ≥99.95%	1Gbps	ECO-PE	Matte PVC	90m Link	FLUKE-5000
	Household Grade	0.57±0.02mm	Blue	6935089109235						
	Engineering Grade	0.58±0.02mm	Orange	6935089102656						
	Outdoor Waterproof	0.58±0.02mm	Black	6935089109273						

Cable Conductor Diameter Within Positive Tolerance: Length 305M/Roll, Tolerance Range: ±30Cm; For Other Materials, Specs, Weight, Contact Customer Service.
